Sir,

With reference to G.O.No.499,P-H; dated 21st February 1929, I have the honour to state that as already reported to Government in several communications, out of the savings --- accrued from the provincialization of Puttur Hospital, the Board had opened new regular allopathic dispensary at Sampaje and another one at Panja, which has been since transferred to Kadaba as recommended by the Collector of the District and the District Medical Officer. The localities for the new -- dispensaries had the approval of the District Medical Officer, South Kanara. The Dispensary at Sampaje was opened on 14th

July 1928 and, at Panja on 2nd August 1928.

2. The Coorg District Board is contributing a moiety of the expenses of the Sampaje Dispensary.

3. The balance of the savings is utilised in dieting poor patients in the Beltangady Hospital and in the Emergency Ward of Sullia Dispensary.

2. Reference is solicited to my letter No.R. 162-G., dated 20-2-1929 in which I have recommended the conversion of the Local Fund Dispensaries at Beltangadi and Sullia into Hospitals and the opening of regular dispensaries at Sampaji and Kadaba.

3. As the District Medical Officer, South Kanara, is of opinion that the cost of dieting patients at Beltangadi and Sullia would not be much and that there would be still a balance of savings sufficient to meet the cost of one more rural dispensary after meeting the cost of maintenance of the new two/dispensaries and dieting the inpatients at Beltangadi and Sullia, the Taluk Board may be requested to consider the desirability of opening an additional rural dispensary under the Taluk Board in consultation with the District Medical Officer.
